Large House within the city

Large House within the city

Large houses are
actually easy to find
within the city.

Large House within the city

Large House within the city

Large houses cost less
per living space.

Recommendations

- Do like Derek Shepherd and buy a tiny house out of town. It doesn't cost much and there are some offers.
- Or do like Meredith Grey and buy a big house in town. This is cheap per living space. Rent to roommates.
- Be careful when helping the injured in a traffic accident.

**Thank you for your attention and good luck
buying your house!**
